## Our year in Pictures

Merry  
**Christmas** 2019

Hi everyone:

As you can see we've provided a view of our year in pictures. Last Winter was our 2<sup>nd</sup> Winter spent in Palm Desert. After 2 months there, we decided to make a trip through southern Arizona as we had only toured the northern part a few years earlier. Nice to finally see the southern areas & visit some friends as well.

Our Spring, Summer & Fall was happily spent in and around home, except for a large Brow family reunion on Labour Day weekend up in the Cariboo. Lots of fun, games & laughter.

This Winter it's back to our "home away from home" in Palm Desert for December, January & February. We drive down since Gord takes his bike. Also we visit friends in Redding & Sacramento on the way down & on the way back.

We're managing to stay on the top side of the grass, continuing to exercise regularly, taking it easy & just enjoying life. Our Daughter, Paige, just purchased a condo not far from us, eldest Grandson (24) & partner are in the same city & our youngest Grandson, Mat (21) is residing in our basement suite. It's handy to have him here to be in the house while we're away & also for doing tasks that Grandpa shouldn't be doing anymore.

We hope all is well with each & every one of you. We extend our best wishes for a very Merry Christmas & all the very best for a Happy New Year.

Cheers . . . Gord & Marilyn
